## Sixteen Years With Bank

A. T. Whitt, the efficient Cashier of the Clay City National Bank, has rounded out his sixteenth year with this institution. Fourteen years of this time Mr. Whitt has been its Cashier. The bank has, during all this time, enjoyed nothing but prosperity. The deposits have grown from less than \$50,000.00 to often more than \$250,000.00 during his incumbency. The bank has gained a standing in Eastern Kentucky that is surpassed by none other. It has grown until it is known far and near as the bank that can supply all responsible customers with the money they need in business; and the bank that supplies a safe depository for the monies of those who wish a safe keeping for it. Upon the whole, Mr. Whitt has made a success of the management of the bank and a success for himself. His coming to Clay City has been of great value to the town as well as to the bank. We need more of his like.

## Value of Limestone

With the coming of the wheat sowing season comes the advice from agricultural demonstrators that ground limestone will greatly increase the yield of wheat. A number of instances are cited where the application of ground limestone has doubled the yield of wheat.

Our County Agent, H. H. Harrison, has been preaching the same doctrine to Powell county farmers since he has been with us, but so far we have failed to act in either getting a supply from abroad or in locating a plant among us to grind our own product from the richest limestone rock known. "A little more sleep and a little more slumber."

## Peaceful Winchester

The Winchester Sun boasts of but seven arrests in that town from the first of Sept. to the 20th. How many might there have been had liquor been sold at Lexington? and how many dozens would there have been had liquor been sold in Winchester? No one can answer, but anyone can tell that there would have been many more.

## Gets New Model Ford

The Ford agent, A. T. Whitt, has received a new Ford car with electric starter as a demonstrator. The starter works to perfection and costs but \$75.00 more than the hand cranked machine. It will not be possible for all customers to get cars with starters attached, but all cars are now built so starters can later be attached with little trouble.

## School Property Fenced

A new wire fence has been placed around the property of the Waltersville consolidated school. This speaks well for the Board of Education. It is a very poor policy to spend hundreds of dollars for school property and let it remain out in the commons.

## Grand Lodge of Odd Fellows

Five thousand Odd Fellows of Kentucky and Southern Indiana are expected to attend the Kentucky State Grand Lodge meeting in Louisville Tuesday and Wednesday, October 14 and 15. The exemplification of the Second Degree on Tuesday night by Home Lodge No. 25, with their champion degree team, is the drawing card.

In Kentucky there are 27,000 Odd Fellows, members of three hundred official representatives alone to the Louisville Convention. In southern Indiana there are 30,000 Odd Fellows, of whom ten per cent. are expected to come to the meeting.

## Saw Mill Moved

The Page Lumber Company and Shelt McKinney, who purchased from Green Estes a large boundary of timber on Hardwick's creek on the A. Shimmessell farm, have moved their saw mill there and will start up soon. The timber is virgin forest, composing poplar, oak, beech, etc. The lumber will be hauled to the station here and shipped to market. The total output is estimated at from four to five hundred thousand feet of lumber.

## Dry Hole at 600 Feet

The well being drilled on Harlow Norton's farm at Stanton was abandoned as a dry hole at a depth of six hundred feet. Mr. C. P. Hackathorn, who had charge of the drilling, left this week with his family for his home at Casey, Ill. It is to be hoped a little later that pool of oil which is said to underlie this portion of the county can be struck right in the center.

## Improving Property

Dr. Martin has begun the erection of an addition to his residence adjoining the Methodist church. The Doctor has never been satisfied with the crowded condition in his home and now that he is rearing the three orphan children of his sister and Mrs. Martin's brother, Mr. and Mrs. G. M. Conlee, he finds more room a necessity.

## "Speed Limit 15 Miles"

The city authorities are determined to break up the speeding habits of some auto drivers, and to this end bill boards have been placed on all roads entering the city announcing the limit of fifteen miles an hour.

## The Flu Again

The doctors in all parts of the country are predicting a recurrence of the flu this winter and advise great precaution to avoid colds. A number of cases have already been reported in different parts of the country.

## Teachers' Examination

The examination for teachers' certificate was held at Stanton Friday and three applicants took the examination.

## Ships Live Stock

T. L. Conlee, one of Powell's substantial farmers, shipped a car of cattle and hogs to the Cincinnati market last week.

## Drouth Thoroughly Broken

The drouth is broken thoroughly. A good rain fell Friday and was followed by light showers Saturday and Sunday and a heavy rain again Monday. The ground is pretty well wetted down, furnishing an excellent seed bed for fall sowing of small grain, should anyone desire to sow so early. Pools and ponds were well filled, and branches were overflowed, while there was a raft tide in the river, if no rafts were to run.

The rain covered the adjacent Bluegrass counties also. It was needed much worse in these counties than in Powell. The rain will most likely stimulate the live stock trade as grass will soon begin to grow again.

## A Florida Visitor

Mrs. Martelle Thomas, of Jacksonville, Fla., is the guest of Mrs. J. H. Hardwick. She has recently returned from service abroad, having been one of the two young women sent by the State of Florida for work in the Y. M. C. A. huts.—Winchester Democrat.

Miss Thomas is a niece of Fred R. Blackburn, of Stanton, and has been visiting relatives at Stanton.

## Campaign to Open at Stanton

A. H. Stamper, the Democratic nominee for Representative from this district, will open the campaign in this county at Stanton, Oct. 6, county Courthouse. Ryland C. Musick will also be present on this occasion and address the people. Let us all go up and hear what they have to say.

## Revised Prices

Geo. S. Ware, who is never contented unless his prices are on the rock bottom, has made deeper cuts on some of the commodities handled by him. See his ad in this issue and profit by his loss of excess profit, by buying goods from the store that never fails to treat you exactly right whether goods are unavoidably high or low.

## High Price for Cream

Cream shippers are getting 64 cents per pound for butter fat in cream. There are now quite a number of cream shippers from Clay City who claim that there is far more profit in selling cream than most any other product of the farm.

## Store Broken Into

Monday night some one broke a window pane in the front of Cordis Larison's store, reached in and relieved the display window of a plate of nice oranges.

## Crabtree Improving

Mr. H. G. Crabtree, of this city, who has been in the Lexington hospital for so many weeks with typhoid fever, is said to be improving slowly.

## Ordained Minister

The Rev. S. V. Larison was ordained Sunday night to the ministry of the Christian church by the local organization.

## Dies at Danville

Word was received here yesterday by relatives announcing the death of Thos. Adams, who moved from this county to Danville about five years ago. The remains will be brought here for burial today and interment will take place at Powell's Valley. Deceased was about 40 years old, and is survived by a widow and three small children. He married a Miss Frazier also of this county. Mr. Adams has been ill only since last Thursday and at first was suffering with rheumatism, but other complications are said to have developed. He held a responsible position as car inspector for the O. & C. Railroad.

## No Apple Venders

This is the season of the year when venders of home grown apples are usually plentiful in Clay City, but such is not the case this year. We have seen one, only, lot of home grown apples brought to this market. They were readily snapped up. Mr. Geo. S. Ware is handling imported apples by the bushel or barrel, but no home grown ones are to be had. Apples were never known to be so scarce in this section before.

## One Disagreeable Day

Friday was a very disagreeable day, one of the worst of its kind to ever come under the observation of the writer. It was exceedingly dry, dusty and hot. The wind blew hard until the rain came. The wind was so exceedingly hot that the leaves on many of the wild cherry trees were veritably scorched.

## Association Meeting

The Boone's Creek Baptist Association met last week with the church at Union City, Madison county, and held a three days session. The association will be held next year with the church at Corinth, Clark county. Powell's Valley Baptist Church, of this county, is a member of this association.

## Buys Cattle

A representative of Rice Bros. from some point in Ohio, was here yesterday, and closed a deal with R. W. Garrett and son, Carl, for two cars of feeding steers at eight cents per pound. They also bought three steers of Edwin Rose at the same price.

## Ideal September Weather

Ideal September weather prevails affording exceptional opportunity for corn cutting and sorghum making. It has been almost cool enough for frost a few days which is a reminder that winter will soon be here.

## More Road Contracts

The State Department of Public Roads is advertising for bids to gravel a portion of the state aid road built east of Stanton. The people of Powell are delighted to see more improvements to roads in our county.

## Election of Trustees

There will be an election of school trustees Saturday, October 4th in all rural districts where trustees were not elected last year.

## Won't Work Here

The meat packers who are more to blame for the unwarranted high price on provisions than any one else, are trying now to edit the local papers by offering to send plate matter to them free. The Times will not bite. The packers we regard as very undesirable extortioners and wreckers of good government, who ply their trade by deceptive advertising and hoodwinking the public. The Times has turned down their advertising for big pay and has of course turned down their free plate matter.

## How It Looks

The strike in the large steel plants will tend to boost prices on all steel products. The steel plants have been earning about 75 per cent. yearly on their 500 per cent. watered stock since the war, and just as it seemed inevitable to hold prices up any further, they provoke a strike upon their employees to give these grabbers an excuse for further holding up prices. This is how it looks to us, whether really true or not.

## Land Advertisements

The papers of the Bluegrass are reaping a rich harvest from the scores of large farms advertised for sale. It would seem that all farms in that section are for sale. It is said that the speculators who buy and sell for profit have been reaping good fortunes, but the profits are not now so large, nor are sales made so readily.

## Car Famine

W. D. Hines tells us there will be a car shortage this winter, and urges as a remedy the loading of all cars to full capacity and the use of trucks and wagons to do all the hauling possible. But if all the strikes take place that are threatening there soon will be not so much to haul and not so many railroaders to haul it.

## Revival in Progress

The revival meeting at Christian church is still in progress. Elder R. S. Wilson is doing some splendid preaching; preaching that is sound in faith and doctrine. Those who appreciate good preaching should not fail to hear these sermons.

## New School House

The Powell County Board of Education will build a new school house at West Bend to take the place of the small building now being used to the discomfort of both pupils and teacher. See advertisement for bids on this structure in this issue of The Times.

## Hard to Realize

A Belgian statistician has just learned that there is ample food to supply all the world with what they need. That may be true, but it is hard to make some believe there is a part for all of us.

John W. Newman, Democratic nominee for Commissioner of Agriculture, will speak at Winchester Saturday.

# THE TIMES.

Entered as second-class mail matter at the Post Office at Clay City, Ky., under the Act of Congress of March 3, 1879.

A HOME-MADE PAPER.

THURSDAY, SEPT. 25, 1919.

SUBSCRIPTION RATE,  
ONE DOLLAR PER YEAR.

To the voters of Powell and Wolfe counties:

I am the Republican nominee for Representative from the 94th Legislative district composed of Powell and Wolfe counties. Am the same Sherman Robbins that made the race for Sheriff in the Republican primary in Estill county ten years ago, won the nomination and then resigned with the consent of the Republican county chairman. I solicit the support of all voters who want a fair deal and an honest representation at Frankfort.

Yours for success in November,  
SHERMAN ROBBINS.

**"It Must Have Been Dead at Least 6 months, but Didn't Smell."**

"Saw a big rat in our cellar last Fall." Writes Mrs. Joanny, "and bought a 25c cake of RAT-SNAP, broke it up into small pieces. Last week while moving we came across the dead rat. Must have been dead six months, didn't smell. RAT-SNAP is wonderful." Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by C. Shimfessel and Eaton & McGuire.

# PRINCE ALBERT

SAY, you'll have a streak of smokeluck that'll put pep-in-your-smokemotor, all right, if you'll ring-in with a jimmy pipe or cigarette papers and nail some Prince Albert for packing!

Just between ourselves, you never will wise-up to high-spot-smoke-joy until you can call a pipe by its first name, then, to hit the peak-of-pleasure you land square on that two-fisted-man-tobacco, Prince Albert!

Well, sir, you'll be so all-fired happy you'll want to get a photograph of yourself breezing up the pipe with your smokethrottle wide open! Talk about smoke-sport! Quality makes Prince Albert so

appealing all along the smoke line. Men who never before could smoke a pipe and men who've smoked pipes for years all testify to the delight it hands out! P. A. can't bite or parch! Both are cut out by our exclusive patented process!

Right now while the going's good you get out your old jimmy pipe or the papers and land on some P. A. for what ails your particular smokeappetite!

You buy Prince Albert everywhere tobacco is sold. Toppo red bags, tidy red tins, handsome pound and half pound tin humidors—and that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Just as we are ready to go to press we receive copy for sixty-inch advertisement from the Delco Light Company. While part of the paper had already been printed which precludes its appearance in this issue, we will give insertion next week.

### Everybody's Doing It

Let's all strike! The policemen have been at it in Boston; and the cub reporters of New Haven whose jobs, ordinarily, aren't worth a picayune, have been stacking pens and asserting their rights. Actors and actresses recently joined the proletariat movement and brought the tyrant managers to time. A delegation of red-eyed agitators out in Seattle gave their orders, first hand to the President, while he was there; and they, like the railroad brotherhoods, in their talk to Congress, said in substance: "Be quick about things, Mr. Government, or we'll tie up the industries of the country with strikes."

"Who said so?" dissents American Citizens questioningly.

"Sam Gompers," is the answer. And Sam, with his fine organization, is the biggest single-fisted man in the United States.

### "I Spent \$1 on Rat-Snap and Saved the Price of a Hog."

James McGuire, famous Hog Raiser of New Jersey says, "I advise every farmer troubled with rats to use RAT-SNAP. Tried everything to get rid of rats. Spent \$1 on RAT-SNAP. Figured the rats it killed, saved the price of a hog." RAT-SNAP comes in cake form. No mixing with other food. Oats or dogs won't touch it. Three sizes, 25c, 50c, \$1.00. Sold and guaranteed by C. Shimmfessel and Eaton & McGuire.

Geo. S. Ware is expecting any day two car loads of coal and will supply the market at a reasonable price, when it arrives.

### Notice to Contractors

Sept. 22, 1919.

Sealed bids will be received at the office of the County Clerk at Stanton, Kentucky, until 12 o'clock, noon, Oct. 9, 1919, by the Fiscal Court for the improvement of Stanton-Campton Road number 99-B-12B3 from Station 0-00 Kalor Contract to Sta. 39-00 (Red River bridge) Wymore contract, a distance of approximately 1.75 miles. The improvement will consist of shaping that road, constructing necessary drainage structures and surfacing it to a width of 14 feet with gravel.

This work is a State Aid project. Plans may be seen and instructions to bidders, specifications and forms of proposal secured at the office of the county clerk at Stanton, Kentucky, and at the office of the Department of Public Roads, Old Capitol Building, Frankfort, Kentucky.

Blue prints of the work may be obtained from the Geo. G. Fetter Company, Louisville, Kentucky.

A certified check payable to Sheriff of Powell County, equal in round numbers to 5% of the bid, must accompany each proposal.

The right to reject any and all bids is reserved.

JOE S. BOGGS,  
Commissioner Public Roads.

Approximate quantities of work:  
2852 cubic yards of gravel to be placed on road.

## Hardwick & Co., Stanton

### Sheriff's Sale.

By virtue of execution No. 935 directed to me, which issued from the Clerk's Office of the Powell Circuit Court, in favor of Hand Made Shoe Company against S. G. Baker, for the sum of \$294 dollars 96 cents I, or one of my Deputies, will, on Monday the 8th day of October 1919, between the hours of 10 o'clock A. M. and 2 o'clock P. M., at the Court House door in Stanton, Powell County, Kentucky, expose to PUBLIC SALE, to the highest bidder, the following property (or so much thereof as may be necessary to satisfy Plaintiff's debt, interest, and costs), to-wit: two tracts of land:

Tract No. 1. lying in Powell County, Kentucky, on the waters of Hardwick's Creek, adjoining the lands of G. W. Clark, James Kincaid, and A. P. Bush, containing 38 acres, more or less.

Tract No. 2. on the waters of Hardwick's Creek in said county, and adjoining the above named tract, bounded on the east by the lands of Mrs. Mary W. Hoskins, on the north by the lands of James Kincaid two acres, and the land known as the Kentucky Union

Land Company's, on the west by the lands of Mrs. Annie E. Barnett, back to Hardwick's Creek, thence with the land of G. W. Clark and first tract back to Mary Hoskins, supposed to contain 85 acres, more or less, being the same land conveyed by Morgan McKinney and wife to Grant Baker and wife, Ellen Baker, by deed dated September 1st, 1910.

Said sale will be made subject to purchase money liens and mortgages and execution No. 6934, all amounting to about twenty-one hundred dollars, levied on as the property of S. G. Baker. Terms: Sale will be made on credit of six months, bond with approved security required, bearing interest at the rate of six per cent. per annum from day of sale, and having the force and effect of a Replevin bond.

Witness my hand, this 2nd day of September, 1919.

WM. GARRETT,  
Sheriff Powell County.

### Stray Cow

There strayed from my place on Black Creek, a nice red dehorned cow, 8 years old, weight about 1000 pounds, with some white on hip, breast and legs. Liberal reward for return of cow or information leading to her recovery.
